

Post Pallets & Stillages

About Post Pallets & Stillages

Post pallets are a versatile storage and ideal for transportation solutions for large, heavy, or bulky items.

Post pallets are manufactured using steel and primarily used for separating and carrying goods around a factory floor, warehouse, or to aid in the storage of a finished product. At Palletower we manufacture and supply several different types and sizes of post pallets and stillages, ranging from our smallest at 1015mm x 1115mm, right up to the largest at 2030mm x 1060mm, including galvanised and painted finishes.

We can even custom make your stillages to your requirement by adding plates and even a Bluetooth & GPS tracking solution.

Why Post Pallets & Stillages ?

- Heavy duty and can carry up to 1000 Kg, and suitable to carry heavy goods and large industrial objects.
- Post pallets can be stackable when not in use. You can remove bar posts and stack post pallets on top of each other to save valuable space within the warehouse.
- Post pallets come with inbuilt forklift guides
- Post pallets can be installed on top of each other to 4 levels high.
- The barposts for pallets come in different sizes and can be replaceable according to storage needs.
- Post pallets are easy to assemble.
- Post pallets are easy to transport.

Technical Specification

| Product Code | Base Size | Loading Capacity | Weight kg |
|--------------|----------------|------------------|-----------|
| NUP603P/1 | 1015 x 1115 mm | 800 Kg | 31 Kg |
| 12 200 01 | 1400 x 1030 mm | 1000 Kg | 32 Kg |
| 12 100 10 | 2030 x 1060 mm | 1000 Kg | 43 Kg |
